

## MOCSA's StoryShare

MOCSA StoryShare is a storytelling project for anyone who has been inspired or impacted by MOCSA's mission. This project started in April 2020 as part of Sexual Assault Awareness Month (SAAM).

Selected stories are housed on our [website](#) and shared on social media. Recordings done with community partner, KKFI, are also saved on their podcast page: <https://kkfi.org/program/mocsastoryshare/>

The SAAM theme is "[My Moment. Our Momentum](#)" and the focus for 2021 is specifically about listening to and supporting survivors.

### General storytelling ideas/prompts:

- How did you first learn about MOCSA?
- Why is MOCSA's mission important to you?
- What does "My moment. Our momentum." mean to you?

### Prompts for volunteers/staff:

- What inspired you to get involved with MOCSA?
- What's it like to be with survivors and listen to their experiences?
- How have you supported survivors during the pandemic and what's surprised you most?
- Share a memorable moment working with survivors, colleagues, students, community members, etc.

### Prompts for survivors:

- Share the experience of your disclosure. Who listened? What were you thinking and feeling? What was most helpful? What was not helpful?
- What does it feel like to be heard and supported?
- Who listens and supports you now?
- What advice would you give to others about how to listen and support survivors?
